

Year 1 Knowledge Organiser

Geography: Beside the seaside!

- I already know how:**
- To use photographs to identify local features.
 - To study the geography of the school and its grounds and the key human and physical features of the locality.

Physical Features of the Seaside

A seaside resort has many physical features. Features such as the beach, the sea, cliffs and caves have been made naturally. This means they were made by nature.

Human Features of the Seaside

Human features found at the seaside might include the pier, the promenade, a lighthouse and a fairground. These features are all man-made.

Key vocabulary

Town	A compactly settled area that is usually larger than a village but smaller than a city.
City	The largest kind of settlements and often have millions of people living in them.
Village	Small settlements with a small number of houses for a few hundred people.
Farm	A piece of land used to grow crops and/or raise animals for produce.
Harbour	A section along the coastline where the ship and other water vessels are parked or stored.
Port	A place where boats can come and go to load and unload their supplies/people.
Shop	A building or part of a building where goods or services are sold.
Landmark	A feature of a landscape or place that is easily recognised.
